Debt Talk's Privacy Policy

Privacy Policy

Debt Talk uses the WordPress Sensei LMS system which uses Cookies to recognise, personalise and track the progress of each learner throughout the course. These Cookies will not harm your computer.

You can control your Cookies using your web browser, click [here](#) for further information on how to do this. Debt Talk cannot take responsibility for links to external websites and pages maintained by external providers.

Log-on: each learner that logs on is asked for the following information:

Name (usually first name) user name and email address. Debt Talk will not use the email address to sell any details to a third party.

This information is stored by Debt Talk Ltd on the WordPress Sensei LMS System and used by Debt Talk to monitor individual learning needs and progression of each student through the course.

Debt Talk will in the future use cumulative statistical analysis of this information for course and business development including marketing and sales.

We use Google Analytics to monitor our web page statistics we never sell any details to a third party.
